Of the delegates so far chosen to the republican national convention, Roosevelt has 40 of those chosen in States that are probably republican, eight in doubtful States and 90 from territories and democratic States. Besides these there have been chosen 28 who are un-instructed, and the majority of these are from democratic States. The republican party hasn't spoken very loudly yet. In fact there everywhere seems to exist a distrust of Roosevelt except among those he has appointed to office.

A MEETING of the trustees of Berea College will be held March 30 in Cincinnati to consider what course to pursue since the enactment of a law by the Kentucky Legislature preventing the co-education of the races. The matter may be taken to the Supreme Court and it is to be hoped that Berea College will be taken to Ohio or some other Negro equality State. Kentucky doesn't want it.

THE people of Lewis county are worked up over the discovery that by an error in copying the survey of Beckham county lines over half of Lewis county, including the county seat, has been taken into the new county, leaving the other portion without any government. They will try to secure relief through the Court of Appeals or through an extra session of the Legislature.

BOOKER T. WASHINGTON was given a bacquet in Washington, but many prominent Negroes refused to attend, presumably on account of their opposition to the teachings of the colored educator. The papers do not state whether or not Teddy was there, but his fondness for Booker will make many suppose he was.

PROCEEDING on the hypothesis that a thief is prepared to kill when he goes to a man's premises to steal, if necessary to attain his object, the Fayette grand jury said that the man who kills a thief in the act is guilty of no crime, and the rest of the people will say "Amen."

At the recent session of the General Assembly 777 bills were introduced, 257 in the Senate and 520 in the House. Only 140 were passed. The total amount of appropriations made was \$1,442,000, while requests for \$417,000 additional appropriations were refused.

It has developed that the conference of Republicans at Covington Saturday night was for the purpose of bringing about harmony between the two factions of the party, by placating former Governor Bradley, who, it is said, will be made a delegate at large to the National Convention.

Both houses of Congress will devote the present week to the consideration of the appropriation bills, nearly all of which have been reported from the committees. The Pension Bill will be of more than usual importance because of the additions that may be necessary on account of the recent executive order.

Commissioner Vreeland has issued the following crop report for Kentucky: Owing to drouth last fall and the late seeding of the wheat crop it was in bad condition to stand the long, cold winter. Consequently the report comes from all parts of the State that the wheat crop has suffered very materially, and nothing but an early spring and a favorable summer can insure even a fair crop of that cereal. Winter oats are nearly a failure all over the State from the same cause. Grasses and clover have also suffered, and the present condition will not exceed 50 or 60 per cent. of an average. There is a good prospect for the planting of a full corn and potato crop.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing), are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequal for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The land needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 12,000 acres to the tract and prices from \$8 per acre to \$20 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call our office.

All for \$6,250, or \$3,500 for the mill and 14 acres. One half cash, has fine trade. No mill in 10 miles.

Everything is in good repair and has all necessary out-buildings. The owner's only reason for selling is the rush of other business as he has extensive farming interests to look after. In the matter of the petition of George D. Weatherford and others as to whether spirituous vinous or malt liquors shall be sold, bartered or loaned in the town of Hustonville, Ky.

The written petition of Geo. D. Weatherford and others asking that an election be held in the town of Hustonville, Lincoln county, Ky., on the 26th day of March, 1904, to take the sense of the legal voters in said town, who are qualified to vote at an election for county officers upon the proposition whether or not spirituous vinous or malt liquors shall be sold, bartered or loaned therein, having been received by Jas. P. Bailey, Judge of the Lincoln county court on the 26th day of Jan. 1904, and having been filed in the open court, an order notifying its said filing having been entered in said court at a special term of said court, held on the 26th day of Jan. 1904, the matter came up for hearing upon said petition and the proof, and it appearing to the court from the petition and the proof heard, that the said petition was signed by all the parties whose names appear thereon and that each one of them are legal voters in said town and qualified to vote at an election for county officers and it also likewise appearing to the court that of the said petitioners (14) in number are legal voters of said town of Hustonville, Ky., and so it, therefore, appearing that the petitioners of said town are more than Twenty-five (25) per cent. of the votes cast in said town at the last preceding general election and that the said petitioners have in all respects complied with the law. It is therefore ordered and adjudged by the Court that an election be held in said town of Hustonville, Ky., on the 26th day of March 1904, for the purpose of taking the sense of the legal voters of said town, who are qualified to vote at an election for county officers upon the proposition whether or not spirituous, vinous or malt liquors shall be sold, bartered or loaned therein.
